

# CONTENTS

## JOURNAL OF INDUSTRIAL AND ENGINEERING CHEMISTRY

### VOL. II, 1910

#### JANUARY.

##### EDITORIALS:

- The New York Chemists' Building.....1  
The Length of a Technical Paper.....2

##### ORIGINAL PAPERS:

- Electric Vacuum Furnace Installations in the Research Laboratory of the General Electric Company. By W. C. Arsem.....3  
The Determination of Carbonic Oxide in Illuminating Gas by Iodine Pentoxide. By Augustus H. Gill and Edward H. Bartlett.....9  
The Coefficient of Expansion of Glycerine. By Arthur M. Comey and Cecil F. Backus.....11  
Flash, Fire and Explosion Tests on Mixtures of Carbon Tetrachloride and Naphtha. By Edw. A. Barrier.....16  
The Moisture Determination as Applied to Cereals. By Sherman Leavitt.....19  
The Glycogen Content of Beef Flesh. (First Paper). By P. F. Trowbridge and C. K. Francis.....21  
A Source of Error in the Examination of Foods for Salicylic Acid. By H. C. Sherman.....24

##### ADDRESSES:

- A New Step in Industrial Education. By Allen Rogers, Ph.D. 25

##### NOTES AND CORRESPONDENCE:

- The Determination of Iron and Alumina in Inorganic Plant Constituents.....27  
The Adamkiewicz-Senex Test for Casein in Paper.....28  
The Separation of Bismuth from Alloys Containing Also Lead and Tin.....28  
On the Composition of Linseed Oil Foots.....28

##### BOOK REVIEWS AND NOTICES:

- Food Inspection and Analysis; Untersuchung der Mineralöle und Fette; Chemiker Kalendar, 1910; Iron Ores, Building Stones and Other Minerals.....29

##### SCIENTIFIC AND INDUSTRIAL SOCIETIES:

- American Institute of Chemical Engineers.....30

#### FEBRUARY.

##### EDITORIALS:

- The Campaign of 1910.....33  
Organization.....33

##### ORIGINAL PAPERS:

- The Distillation of Whiskey. By A. B. Adams.....34  
The Detection of Fish Oils in Vegetable Oils. By Otto Eisen-schimid and H. N. Copthorne.....43  
The Determination of Phosphorus Retained with Ferric Chloride in the Ether Separations. By R. J. Wysor.....45  
The Influence of the Method of Heating on the Non-volatile Ether Extract of Spices. By Arthur Lowenstein and William P. Dunne.....47

##### REVIEWS:

- The Temperature Work of the Bureau of Standards.....49

##### ADDRESSES:

- The Chemist's Place in Industry. By Arthur D. Little....63

##### NOTES AND CORRESPONDENCE:

- Potash Bulb for Carbon by Combustion.....66  
The Determination of Moisture by Distillation.....66  
A New Reagent Bottle.....67  
Crucible and Support.....67

##### SCIENTIFIC AND INDUSTRIAL SOCIETIES:

- American Chemical Society; Division of Industrial Chemists and Chemical Engineers, American Chemical Society.....67

- RECENT PATENTS: .....74

#### MARCH.

##### EDITORIALS:

- Rubber Chemistry.....77

##### ORIGINAL PAPERS:

- Losses in the Storage of Coal. By Horace C. Porter and F. K. Ovitz.....77  
The Analysis of Babbitt Metals; Solders and Journal Brasses. By D. J. Demorest.....80  
The Library as an Adjunct to Industrial Laboratories. By Guy E. Marion.....83  
Scientific Preparation and Application of Paint. By G. W. Thompson.....87  
A Convenient Method of Refrigeration for Analytical and Industrial Investigations at Low Temperatures (-75° C.). By James O. Handy.....92  
Assay of Medicinal Plasters. By Frederick B. Kilmer.....94  
Methods for Testing Commercial, Anhydrous, Liquid Ammonia. By W. D. Richardson.....97

##### ADDRESSES:

- The Improvement of Analytical Processes. By W. D. Richardson.....99  
Conservation and Utilization in the Pacific Northwest. By H. K. Benson.....100  
Address Delivered by Dr. L. H. Baekeland at the Chemists' Club in New York, on the Occasion of the Award of the Perkin Medal to Dr. Edward Goodrich Acheson, January 21, 1910.....102

##### NOTES AND CORRESPONDENCE:

- Percolation.....102  
Note on the Recovery of Waste Platinum.....102  
The True Melting Point of Trinitrotoluene.....103  
Note on a Condenser Used for Extraction.....103  
Bureau of Standards, Analyzed Samples.....103  
Possible Contamination of Acetic Anhydride Used in the Liebermann-Storch Reaction.....104

##### BOOK REVIEWS AND NOTICES:

- A Text-Book of Botany and Pharmacognosy; The Manufacture of Paper; Allen's Commercial Organic Analysis; Producer Gas-Fired Furnaces; Chemischtechnische Untersuchungsmethoden.....104

##### SCIENTIFIC AND INDUSTRIAL SOCIETIES:

- Eighth International Congress of Applied Chemistry; American Exposition, Berlin, 1910; Second International Congress of Alimentary Hygiene and of the Rational Feeding of Man; Notice; Division of Industrial Chemists and Chemical Engineers; Potash Work, Fertilizer Division A. C. S., December, 1909.....105

- RECENT INVENTIONS.....108

- OFFICIAL REGULATIONS AND RULINGS.....112

## APRIL.

## ORIGINAL PAPERS:

Lubrication and Lubricants. By Charles F. Mabery.....	115
Studies on the Carbenes. By Kenneth Gerard Mackenzie	124
Bacterial Activity as a Corrosive Influence in the Soil. By Richard H. Gaines.....	128
Variations in Car Painting Practice. By Carl F. Woods.....	130
After-Effects of Certain Phosphates on Limed and Unlimed Land. By H. J. Wheeler.....	133
A Contribution to Our Knowledge of the Nitrogen Problem under Dry Farming. By F. J. Alway and R. S. Trumbull.....	135
Nitrogen and Carbon in the Virgin and Fallowed Soils of Eastern Oregon. By C. E. Bradley.....	138
Spanish Paprika. By Arthur Lowenstein and W. P. Dunne	139
The Preparation of Curd from Buttermilk. By J. L. Sammis	142
The Quantitative Determination of Cane Sugar by the Use of Invertase. By C. S. Hudson.....	143
Bacteriological Methods for Determining the Available Nitrogen Fertilizers. By Jacob G. Lipman.....	146

Accuracy in Taking and Preparing Mixed Fertilizer Samples. By F. B. Porter.....	148
---	-----

## ADDRESSES:

The Cost of Available Nitrogen. By Dr. Edward B. Voorhees	153
The Relation of the Chemist to Proprietary Medicines. By W. A. Puckner.....	155

## NOTES AND CORRESPONDENCE:

The Length of a Technical Paper.....	157
The Determination of Phosphoric Acid by the Official Volumetric Method.....	157
Uniform Analytical Methods for Phosphate Rock.....	158

## BOOK REVIEWS AND NOTICES:

Beet Sugar Making and Its Chemical Control.....	159
---	-----

INDUSTRIAL AND TRADE NOTES.....	159
---------------------------------	-----

OFFICIAL REGULATIONS AND RULINGS.....	164
---------------------------------------	-----

CORRECTION.....	169
-----------------	-----

## MAY.

## ORIGINAL PAPERS:

Laboratory Tests of Lubricants—Interpretation of Analyses. By P. H. Conradson.....	171
Methods of Asphalt Examination. By Albert Sommer.....	181
The Determination of Copper in Blister and Refining Copper By William C. Ferguson.....	187
A Rapid Method for the Electrolytic Determination of Copper in Ores. By R. C. Benner.....	195
The Exact Determination of Sulphur in Pyrite and Marcasite. By E. T. Allen and John Johnston.....	196
Examination of Candelilla Wax. By R. F. Hare and A. P. Bjerregaard.....	203
Constants of Chinese Wood Oil. By Adolph Kreikenbaum..	205
Gamboge. By F. O. Taylor.....	208
The Determination of Sodium Chloride in Milk. By Paul Poetschke.....	210
Phosphorus in Flesh. By P. F. Trowbridge and Louise Stanley.....	212
The Glycogen Content of Beef Flesh. By P. F. Trowbridge and C. K. Francis.....	215

## ADDRESSES:

Vegetable Tanning Materials. By John H. Yocum.....	216
Dyeing Leather. By F. E. Atteaux.....	218

## NOTES AND CORRESPONDENCE:

A Modified Soxhlet Apparatus.....	219
-----------------------------------	-----

An Improved Oven for High Temperatures.....	220
Length of a Technical Paper.....	221

## BOOK REVIEWS AND NOTICES:

Hygienic Laboratory—Bulletin No. 58, Dec., 1909. Digest of Comments on the Pharmacopoeia of the United States of America and National Formulary; New and Non Official Remedies 1910 Containing Descriptions of the Articles which Have Been Accepted by the Council on Pharmacy and Chemistry of the American Medical Association Prior to Jan. 1st, 1910.....	221
--	-----

## SCIENTIFIC AND INDUSTRIAL SOCIETIES:

Semi-Annual Meeting American Institute of Chemical Engineers; Committee on Research Problems, Division of Industrial Chemists and Chemical Engineers; Report on the Meeting of the Sub-Committee on Glycerine Analysis at Boston, December 29 and 30, 1909; Division of Industrial Chemists and Chemical Engineers.....	222
---	-----

RECENT INVENTIONS.....	230
------------------------	-----

INDUSTRIAL AND TRADE NOTES.....	235
---------------------------------	-----

OFFICIAL REGULATIONS AND RULINGS.....	235
---------------------------------------	-----

## JUNE.

## EDITORIALS:

Uses for Rare Elements and Special Compounds.....	237
---	-----

## ORIGINAL PAPERS:

A Comparison of the Methods for Depositing Iron Electrolytically. By S. A. Tucker and E. Schramm.....	237
Studies in Asphalt, I. By C. J. Frankforter.....	239
On the Formation of Carbenes. By D. Basil W. Alexander	242
The Hygiene of the Small Chemical Laboratory. By Edward Keller.....	246
The Crucible Assay of Pyritic Concentrates for Silver and Gold. By George Borrowman.....	251
The Milling of Cane in Sugar Manufacture Control Apparatus. By G. L. Spencer.....	253
An Electric Combustion Furnace, Laboratory Treating Furnace and Rheostat. By George M. Berry.....	255
Occurrence of Formaldehyde in Sugar Cane Juice and Sugar-House Products. By P. A. Yoder and W. G. Taggart	260
Some Effects of Feeds upon the Properties of Lard. By C. L. Hare.....	264
Soil Humus as Determined by Different Methods. By Sherman Leavitt.....	269

On the Composition of Lime-Sulphur Spray. By H. V. Tartar and C. E. Bradley.....	271
The Availability of Soil Phosphates. By W. P. Kelley.....	277
A Rapid Method of Determining Crude Fiber. By J. M. Pickel.....	280
The Determination of Crude Fiber. By G. M. MacNider....	281

## PLANT AND MACHINERY:

Recovery and Purification of Soap Lye Glycerine by the Garrigues Process. By G. A. Moore.....	283
---	-----

## NOTES AND CORRESPONDENCE:

Determination of Sulphur in Brass and Bronze.....	293
The Water of the Columbia and Willamette Rivers.....	293

## BOOK REVIEWS AND NOTICES:

Reports of the Chemical Laboratory of the American Medical Association; Fungus Diseases of Plants; Dust Preventives and Road Binders.....	294
---	-----

RECENT INVENTIONS.....	295
------------------------	-----

## JULY.

## ORIGINAL PAPERS:

The Use of Ferro-Titanium in Bessemer Rails. By P. H. Dudley.....	299
Some Variations in the Official Method for the Determination of Volatile Matter in Coal. By A. C. Fieldner and J. D. Davis.....	304

Laboratory Methods for Organic Nitrogen Availability. By C. H. Jones.....	308
---	-----

The Detection of Inferior Ammoniates in Commercial Fertilizers. By John Philip Street.....	311
--	-----

Availability of Soil Nitrogen in Relation to the Basicity of the	
--	--

Soil and to the Growth of Legumes. By T. Lyttleton Lyon and James A. Bizzell.....	313
The Effect of Lime upon the Solubility of Soil Constituents. By E. W. Gaither.....	315
The Determination of Humus. By F. J. Alway, E. K. Files, and R. M. Pickney.....	317
Optically Active Non-Sugar of the Sugar Beet. By W. H. Rees.....	323
The Influence of Micro-Organisms upon the Quality of Maple Syrup. By H. A. Edson.....	325
The Relation between Fat and Calcium in Cream. By Hermann C. Lythgoe and Clarence E. Marsh.....	327
Further Studies of the Reactions of Lime-Sulfur Solution and Alkali Waters on Lead Arsenates. By C. E. Bradley and H. V. Tartar.....	328
The Effect of Gypsum on Alkali in Soils. By W. F. Sutherst	329

## NOTES AND CORRESPONDENCE:

An Automatic Pipette.....	330
Note on Moisture in Viscous Products.....	330
Length of Technical Papers.....	331

## BOOK REVIEWS AND NOTICES:

Solid Bitumens, their Physical and Chemical Properties and Chemical Analysis, Together with a Treatise on the Chemical Technology of Bituminous Pavements.....	331
--	-----

## SCIENTIFIC AND INDUSTRIAL SOCIETIES:

The American Institute of Chemical Engineers; American Society for Testing Materials.....	331
---	-----

RECENT INVENTIONS:.....	333
-------------------------	-----

INDUSTRIAL AND TRADE NOTES.....	336
---------------------------------	-----

## AUGUST.

## ORIGINAL PAPERS:

A New Gas Calorimeter. By S. W. Parr.....	337
Dissolving Chemicals and Agitating Solutions: Some Problems in the Manufacture and Agitation of Sulphide Solutions. By Oskar Nagel, Ph.D.....	341
A Rotating Graphite Anode. By J. W. Turrentine.....	342
A Comparison of the Efficiency of Otto Pfeiffer's and Dennis & McCarthy's Method for Determining Benzene in Illuminating Gas. By E. P. Harding and Carl Taylor	345
The Rapid Determination of Lead in Ores by Electrolysis with Stationary Electrodes. By R. C. Benner.....	348
The Value of a Chemical Analysis as Shown in Tracing the Cause of a Typhoid Fever Epidemic in Georgia. By H. B. Arbuckle.....	349
Relation of Pot Experiments to the Active Phosphoric Acid of the Soil. By G. S. Fraps.....	350

## REVIEWS:

Recent Progress among Medicinal Synthetics.....	352
---	-----

## ADDRESSES:

An Outline of the Leather Industry. By Allen Rogers.....	353
--	-----

The Smoke Problem and the Community. By Charles Baskerville.....	355
--	-----

## NOTES AND CORRESPONDENCE:

Standard Samples, Bureau of Standards, Washington.....	359
Some Laboratory Devices.....	360

## BOOK REVIEWS AND NOTICES:

Les Secheres Agricoles: Etude Economique et Technique de la Desiccation des Produits Agricoles.....	360
---	-----

## SCIENTIFIC AND INDUSTRIAL SOCIETIES:

American Chemical Society; Division of Industrial Chemists and Chemical Engineers of the American Chemical Society; Abstracts of Papers Read before the Semi-Annual Meeting of the American Institute of Chemical Engineers, Niagara Falls, Can., June 22nd to 24th, 1910	360
---	-----

RECENT INVENTIONS.....	365
------------------------	-----

INDUSTRIAL AND TRADE NOTES.....	369
---------------------------------	-----

## SEPTEMBER.

## EDITORIALS:

The Works Laboratory.....	371
---------------------------	-----

## ORIGINAL PAPERS:

The Neutralization and Filtration of Smelter Smoke. By W. C. Ebaugh.....	372
Efflorescence on Brick Work. By A. F. Greaves-Walker	373
The Electrolytic Determination of Zinc in Ores. By Geo. Kemmerer.....	375
The Determination of Free Acids in Hydrogen Peroxide Solutions. By Linwood A. Brown.....	377
Separation and Determination of Cocain and Strychnin, and Atropin and Strychnin when they Occur Together. By H. C. Fuller.....	378
Volumetric Determination of Potassium by the Cobalti-Nitrite Method. By O. M. Shedd.....	379
A Comparison of Bolling's, Harding's and Drehschmidt's Methods for Determining Sulphur in Illuminating Gas. By E. P. Harding and Carl Taylor.....	385
The Nitrogen and Humus Problem in Dry-land Farming. By Robert Stewart.....	386

## NOTES AND CORRESPONDENCE:

A Use for the Gooch in Paint Analysis.....	388
Some New Tests.....	389

Identification Test for Caramel.....	389
To Determine Fusel Oil in Distilled Liquors.....	389

## BOOK REVIEWS AND NOTICES:

Metallography; Transactions of American Institute of Chemical Engineers; Allen's Commercial Organic Analysis; Theorie der Gewinnung und Trennung der Aetherischen Oele durch Distillation; Technologie der Fette und Oele; The Polytechnic Engineer; Engineering Chemistry; Bibliography of North Carolina Geology, Mineralogy and Geography; Goold Hill Mining District of North Carolina.....	390
---	-----

## SCIENTIFIC AND INDUSTRIAL SOCIETIES:

Announcement of the Twenty-seventh Annual Convention, Association of Official Agricultural Chemists, November 10-12, 1909; American Electrochemical Society; Einladung zur 26. Jahresversammlung des Deutsch-Amerikanischen Techniker-Verbandes. Abzuhalten vom 1. Bis 5. September D. J. in Newark, N. J. Hauptquartier: L. Achtelstetter, 842 Broad St.....	391
---	-----

RECENT INVENTIONS.....	393
------------------------	-----

OFFICIAL REGULATIONS AND RULINGS.....	396
---------------------------------------	-----

## OCTOBER.

## EDITORIALS:

Advance New England Chemistry.....	397
Chemical Engineering Education.....	397

## ORIGINAL PAPERS:

Alloys of Nickel and Cobalt with Chromium. By Elwood Haynes.....	397
The Determination of Sugar Lost by Entrainment from Evaporators. By R. S. Norris.....	401
An Accurate Method for Calorimetric Determinations on Anthracite Coal. By Oscar W. Palmenberg.....	404
The Effect of Varying Amounts of Litharge in The Fire Assay for Silver. By Kenneth Williams.....	406

Rapid Estimation of Available Calcium Oxide in Lime Used in Cyanide Work. By L. W. Bahney.....	407
--	-----

Differential Condensation in Distillation and Rectification of Binary Liquid Mixtures. By Alcan Hirsch.....	409
---	-----

Capsaicin, The Pungent Principle of Capsicum, and the Detection of Capsicum. By E. K. Nelson.....	419
Asafetida. By W. A. Pearson.....	421

## ADDRESSES:

Chemistry in the Bureau of Standards. By W. F. Hillebrand, Chief Chemist.....	423
---	-----

## NOTES AND CORRESPONDENCE:

Note on the Volatility of Cocain.....	426
Note on Dr. Backe's Investigation of Maltol and Isomaltol.....	426
Accuracy in Sampling.....	426
Explosibility of Coal Dust.....	427

## BOOK REVIEWS AND NOTICES:

Chemische Technologie der Neuzeit; Van Nostrand's Chemical Annual; Fuel and Refractory Materials; Bureau of Standards.....	428
--	-----

## SCIENTIFIC AND INDUSTRIAL SOCIETIES:

Division of Pharmaceutical Chemists, American Chemical Society * July 16, 1910; Division of Agricultural and Food Chem-	
---	--

istry of the American Chemical Society, July 15 and 16, 1910; American Institute of Chemical Engineers; American Electrochemical Society, October 13 to 15, 1910.....	429
---	-----

RECENT INVENTIONS.....	437
------------------------	-----

## INDUSTRIAL AND TRADE NOTES:

German Resinite Compound; German Potash Prices; Water Purified by Ozone; World Metal Production Potatoes in Germany; Importation of Tungsten from the Plauen District.....	443
--	-----

OFFICIAL REGULATIONS AND RULINGS.....	443
---------------------------------------	-----

## NOVEMBER.

OBITUARY.....	449
---------------	-----

## EDITORIALS:

Cast Copper.....	451
Photography.....	451

## ORIGINAL PAPERS:

The Action of Sunlight and Air upon Some Lubricating Oils. By C. E. Waters.....	451
Comparative Analyses of Water from Great Salt Lake. By W. C. Ebaugh and Wallace MacFarlane.....	454
Constitution of Candelilla Wax. By G. S. Fraps and J. B. Rather.....	454
An Extraction Apparatus. By Samuel M. Bain.....	455
Contribution on Jelly-Making. By N. E. Goldthwaite.....	457
The Chemical and Mineralogical Examination of Some Chinese Tea Soils. By W. O. Robinson and W. J. McCaughey.....	462
Notes on the Determination of Nitrogen by the Kjeldahl Method. By P. L. Hibbard.....	463

## ADDRESSES:

The Electrolytic Preparation of Calcium. By Arden R. Johnson.....	466
Trade School for the Leather Industry. By Allen Rogers.....	474
Cast Copper of High Electrical Conductivity. By Dr. E. Weintraub.....	477

## NOTES AND CORRESPONDENCE:

Bakelite and Resinit.....	478
Triboluminescence.....	478
Rapid Saponification of Fats for Titre Determination.....	479
Improvement of the Wiley Method for Determining the Melting Points of Fats.....	480

## EDITORIALS:

The Quality of Platinum.....	497
The Price of Potassium Salts.....	497
The Application of Science to Industry.....	498

## ORIGINAL PAPERS:

The Borax Industry. By F. M. Dupont.....	500
Water Problems. By William M. Booth.....	503
Heat Treatment of High-Speed Tools. By C. P. Berg, M. W. S. E.....	510
Application of Electrostatic Separation to Ore Dressing. By F. S. MacGregor.....	517
Efficiency in the Electrolytic Production of Metallic Calcium. By Francis C. Frary, Henry R. Bicknell and Carl A. Tronson.....	522
Some Imperfect Paving Bricks. By James C. Lawrence and Charles J. Boner.....	524
The Normal Weight of Dextrose. By C. A. Browne.....	526
Machine for Milling Samples of Wheat. By Geo. A. Olson.....	527
The Reaction of Lime and Gypsum on Some Oregon Soils. By C. E. Bradley.....	529
The Chemical Composition of Kafr Corn. I. By R. O. Baird and C. K. Francis.....	531

## ADDRESSES:

Present Status of Ozone, with Reference to Air Purification. By Ralph D. Small.....	534
---	-----

## PLANT AND MACHINERY:

The Tooele Smelter. By C. H. Repath and A. G. McGregor.....	537
---	-----

## NOTES AND CORRESPONDENCE:

Note.....	543
Reduction of Tin Dross in an Electric Furnace.....	544

A Convenient Drying Oven.....	480
-------------------------------	-----

Determination of Mercury in the Mercury Salts of the Pharmacopoeia.....	481
---	-----

The Occurrence of Sucrose in Grapes.....	481
--	-----

The Scott Oil Tester.....	482
---------------------------	-----

Chrome Paint Analysis.....	482
----------------------------	-----

## BOOK REVIEWS AND NOTICES:

The Corrosion and Preservation of Iron and Steel; Soil Fertility and Permanent Agriculture; The Chemists' Pocket Manual.....	483
--	-----

## SCIENTIFIC AND INDUSTRIAL SOCIETIES:

American Electrochemical Society, October 13-15, 1910; The American Iron and Steel Institute, October 14th to 22nd, 1910; American Leather Chemists' Association; American Chemical Society, Nov. 12, 1910.....	484
---	-----

PERSONAL NOTES.....	487
---------------------	-----

RECENT INVENTIONS.....	488
------------------------	-----

## INDUSTRIAL AND TRADE NOTES:

New Japanese Paper Mill; Phosphate Developments in Oceania; A New Alloy; High-Voltage Power from Niagara; Resinite and Bakelite Inventions; Guayule Rubber Supply in Mexico; Dried Bananas in Europe; English Slag Paving Blocks; Air-Nitrates on the United States.....	493
--	-----

OFFICIAL REGULATIONS AND RULINGS.....	495
---------------------------------------	-----

CORRECTION.....	496
-----------------	-----

## DECEMBER.

The Modified Lawall Method for the Determination of Sodium Benzoate in Catsups.....	544
Bakelite.....	545
The Use of Immiscible Solvents.....	546
Making Sample Alloys.....	546
Laboratory Methods for Organic Nitrogen Availability.....	546
Chemical Industry at Brussels' Exposition.....	547
Chemists' Building.....	548

## BOOK REVIEWS AND NOTICES:

A Text-Book of Botany and Pharmacognosy; Handbuch der Chemie und Technologie der Oele und Fette; Chemisch-Technische Untersuchungsmethoden.....	549
---	-----

## SCIENTIFIC AND INDUSTRIAL SOCIETIES:

American Chemical Society; Third Annual Meeting of the American Institute of Chemical Engineers; Committee of Revision of the Pharmacopoeia of the United States of America; Association of Official Agricultural Chemists; Eighth International Congress of Applied Chemistry, 1912; Wood Turpentine Association.....	550
--	-----

PERSONAL NOTES.....	554
---------------------	-----

RECENT INVENTIONS.....	555
------------------------	-----

## INDUSTRIAL AND TRADE NOTES:

A British Radium Discovery; Powdered Sugar Cane; Briquetting of Iron Ores; Potash Salts in Galicia; Smelting by Electricity; Petroleum Oil Gusher; Purchase of Iron Mines; Monazite and Zircon Production; Mine Rescue Service; Mexican Cement Plant; Cement from Blast Furnace Slag; Germany's Potash Deposits and Mines.....	558
--	-----

OFFICIAL REGULATIONS AND RULINGS.....	563
---------------------------------------	-----

CORRECTION.....	564
-----------------	-----

INDEX FOR THE YEAR 1910.....	565
------------------------------	-----
